Completion Date: 12/11/2018

Phase: City borrowed funds to complete this project. We are currently in a payback period

Overall Project Details:

The City of Newman completed a major pavement improvement project using 1.6 Million dollars of Measure L funds. The major work consisted of pulverizing and reconstructing concrete pavement, furnishing and placing asphalt concrete, slurry sealing of pavement and miscellaneous concrete improvements at various location in the City of Newman. Bike lanes were added to several areas.

The streets improved include:

Hills Ferry Road/Merced Street from the eastern city limits to T Street

Inyo Avenue from Highway 33 to the western city limits

R Street from Mariposa to Stephens, including Stephens

Hardin Road from Stephens to Orestimba Road

Orestimba Road/Yolo Street from the City Limits to Highway 33

Prince Road from Inyo to Strawbridge

A Notice of Completion was approved by City Council on December 11, 2018. Finance sent an email to StanCog each month of this FY indicating we had no expenditures.
